

Canadian Broiler Hatching Egg Producers' Association
Association canadienne des producteurs d'œufs d'incubation de poulet à chair

Program No. 4 - CBHEPA / Canadian Young Farmers' Forum 2022

Established in 1997, it is CYFF's goal to assist young farmers with information while exchanging ideas that lead to progressive strategies to ensure farming success in Canada. Through networking with young farmers – like yourself – our organization's goal is to provide education, leadership training and capacity building for young agriculture producers of Canada.

Through CYFF's speakers and innovative workshops, our goal is to increase all participants' knowledge of the agriculture industry and provide positive tools to aid young farmers in successful farm management. Through the development of both national and provincial structures, participants' leadership skills are enhanced and prepare you to take a more active role in agriculture and rural organizations.

With increased opportunities for dialogue, networking and action planning amongst participants, organizations, and industry stakeholders, more effective programs and policies across the country will result. The industry will also benefit from the creation of a pool of skilled future leaders – like you – with an awareness of issues in Canadian agriculture and a proven commitment to developing collaborative, creative solutions.

The CYFF is offering 3 virtual sessions on the following topics: Farming Under Pressure; Adapting and Preserving. These sessions are currently planned for February 17, February 25 and March 3, 2022.

CBHEPA will be sponsoring applicants to this conference. *The selection will be made from the outlined presented as to why this event would benefit your future in the agriculture industry.*

Young Farmers interested in participating in this program should submit their application by January 14, 2022.

Name: _____

Address: _____ City: _____

Province: _____ Postal Code: _____
